Essays were entered from students in schools of Oakland, San Francisco, Palo Alto and Albany, from schools of Alameda, Los Angeles and Yuba Counties. Washington township schools contributed a large number of winners.

The following poem won a first prize.

KINDNESS

Kindness should be done
By you and everyone.
Not only kindness to our kin
But to each breathing, living thing.

Try to be kind
To every animal you find,
Never shoot to kill
Even if against your will.

Always remember this Rule:
Never treat your pets cruel.

CIVIC GROUP HEARS OF TOWNSHIP FAIR PROGRESS MONDAY

Earl Warren, Slated To Speak, Unable To Attend

Although somewhat disappointed when District Attorney Earl Warren, slated to speak, phoned that he would be unable to keep his appointment with them Monday, members of the Niles Chamber of Commerce made very much the best of one of the largest meets held by the civic group for some time.

Warren, scheduled as guest speaker at the meet, was detained in Oakland on official business. He stated that he would be more than glad to come at any other time.

In the absence of Warren, members of the Centerville Lions Club, enthusiastic about their coming Township Fair, filled the breach to perfection. Chick Santos, Lion president, told the gathering that three-fourths of the space available had already been sold and that the rest would be disposed of in short order. His talk was supplemented by Allen G. Norris, publicity chairman for the fair, who stated that the publicity campaign was to be started this week. Norris said that word of the undertaking would be heard far and near.

Among reports and communications read at the meeting was a letter from C. E. Purcell, state highway engineer, stating that the Chamber's letter concerning an illuminated sign at the west subway had been referred to the Department of Public Works, and that plans were under way to place a large, illuminated directional marker at the intersertion of the Nursery road and the State highway.

President F. V. Jones, at the request of scout officials, appointed the following Boy Scout Commissioners: Ray Peterson, chairman; Geo. Rose, treasurer; A. J. Petsche, secretary; H. S. Wiseman and the Rev. W. D. Gordon, activities.

H. L. Scott, baseball committeeman, gave a report of the Sunday baseball game. He urged attendance at the games and told of a card party planned for the benefit of the team to be given May 15 at the Niles grammar school. The benefit will be given by the players themselves. Mothers of team members will prepare the refreshments.

Harvey Braun and E. E. Dias were appointed as a committee of two to inspect the parking lines on First street, and to decide on the feasibility of repainting.

The subject of city speeders was brought up at the close of the meet and deferred until next Monday's meet.

Guests, gathered to hear Warren, were: A. W. Ebright, of Sunol; George Hellwig, Frank Dusterberry, Tom Silva, Chick Santos, Allen G. Norris, and Gordon B. Liang, county agricultural commissioner.

Lawrence Bunting and George Rose, two of the new chamber members, attended for the first time.

Time for the sentence of Manuel V. Arruda, alleged killer, has been extended from April 30, to some future time, pending the arrival of a deposition from Arruda's home state in the East. ACTION WILL BE TAKEN TO CURB SPEEDERS

Unofficially clocked by interested Niles merchants Friday and Saturday, motorists entering Niles from the west were found to be traveling at an average speed of 35 miles per hour in a twenty miles zone. The highest speed recorded for any of the fifty cars timed, was 60 miles per hour.

Although the source of much individual comment in the past, the practice of speeding through Niles has never been curbed by any official action. This week, however, the Niles Chamber of Commerce, at the suggestion of local business men, took the matter under consideration. A. J. Petsche bringing the problem before the civic group Monday, urged that some action be taken. Ways and means will be worked out at the meeting next Monday.

Police Patrol Of Harvest Area Stopped

Proving that south county labor troubles are on the wane, for the time being at least, the Alameda County Sheriff's office withdrew the last radio patrol car from this district Sunday. The pea harvest, regarded as the most fertile time for demonstrations is practically over. Very few of the workers remain in the region.

Mindful of the outbreaks last year, authorities this time were well prepared to cope with any uprisings that might occur. Radio cars, in constant touch with headquarters maintained a patrol of the harvest area. Incipient riots were nipped in the bud.

Rainstorm Ushers In Merry Month of May

Tomato planters grinned and cherry growers frowned eally this week when May, generally a month of mild weather, rode in on the heels of a storm that brought approximately twenty-one hundredths of rain to this district.

According to farmers, the slight wetting did more good than harm, inasmuch as the cherries are still green for the most part. Some small quantities of cut hay were wet down, but for the most part the sprinkling was welcome.

CATTLE RUSTLERS STILL ACTIVE IN COUNTY

After a period of quiet, possibly brought on by threats of cattlemen to take the law into their own hands, cattle thieves are again active in the south Alameda county hills. Range riders on the Hugh Walker place near Livermore discovered the remains of a freshly butchered steer Saturday.

Having had little success in apprehending the thieves on the range police officers and detectives of the Cattlemen's Association are making an attempt to discover the places where the stolen, unstamped meat is being sold. Proprietors of establishments dealing in the stolen stuff will face triple charges.

SIMON COSTE, CHEF, PIONEER, DIES AT MISSION THURSDAY

French Cuisine Was Famous In All of Bay Region

With the passing of Simon Coste, of Mission San Jose, last Thursday, Southern Alameda county lost one of its old-time residents and perhaps one of its most famous chefs. Coste, for fifty years restauranteur and caterer, was found dead of heart disease at his Mission San Jose restaurant.

Coste, aged 69, was a native of France. He came to Mission San Jose when a boy with his father, who entered the restaurant business. Coste took over the business when he became of age, and had conducted it up to the time of his death. During the last decade, he catered more and more to dinners by appointment. His clientele included many of the elite of the bay region.

He was a member of the Centerville Grove 113 of the Druids. He is survived by a niece, Mrs. August Swartz, of San Francisco.

The funeral, under the direction of John Lowman, was from the Chapel of the Palms, Centerville, at 9 o'clock Monday. Thence to St. Joseph's church at Mission San Jose, where a high mass was said by the Rev. Father John Leal. Interment was in the St. Joseph's cemetery at Mission San Jose. Druid services were held at the Chapel of the Palms Sunday night.

REID BROTHERS, INC. UNDERTAKES NEW INDUSTRIAL PHASE

Furniture, Lamps Added To Articles Made At Irvington

Furniture making, an industry that smacks of the larger industrial centers of the eastern states, last week made its appearance in the roster of Wshington township activities, when the Irvington branch of Reid Brothers, Inc., actively undertook this new phase of manufacturing.

Originally designed and operated as a plant for the manufacture of hospital materials and equipment, the Irvington plant was readily adaptable to the new line. At present the new work will be confined to the production of occasional furniture, lamps and lamp shades, and window display equipment, according to L. C. Walters, plant superintendent.

The articles manufactured in the furniture line are made one hundred percent at the Irvington factory. The materials received in the raw form, progress through a series of processes from initial planing and cutting to finishng and decorating. End tables, coffee tables, magazine stands, smoking stands, book cases, small dining sets, and a number of smaller articles comprise the furniture line. Woods used predominantly are Phillipine mahogany, sugar pine and elder. The workmanship is excellent.

In addition to the manufacture of furniture which is carried on by Reid Brothers directly, the company is engaged in making lamps and lamp shades for the California Craftsman Inc., and in experimental work in window display equipment for the National Sales Corporation. Shade and lamp designs are worked out by artists at the Irvington plant.

Venturing into relatively new fields in cheaper window display equipment, Reid Brothers are at present experimenting with display "Turntables", small decorated stands surmounted with a display disc turned by a small motor. It is in this latter field that the company expects rapid expansion, according to Walters. E. James, of the National Sales Corporation, is engaged in experimental work in display lighting at the Irvington factory.

The new lines will not replace, but will merely supplement the maufacture of hospital equipment. It was due to inactivity in the equipment field that the new venture was launched.

The Country Newspaper

Turning from city newspapers to small town press exchanges that come to the editor's desk is like stepping from the slums, full of vice, into an old-fashioned garden sweet with lavender and thyme and the scent of perennial flowers. The pages of big dailies are so full of murder, thievery, immorality and selfishness that the better news is obscured by these glaring shatterings of the Decalogue. One puts the papers aside with a feeling of depression and heartache that the world is so full of terrible and unhappy things.

Then picking up the papers that record the happenings of the little towns around us, one gains renewed faith in life. Here are set forth only that which uplifts a community—the activities of the business men, the church items, the happy social gatherings of the people, the marriages, births and deaths, farmers' items, and all the thousand and one daily occurances that make up the simple annals of the great common people, who are really the foundation of this broad country of ours.

Sometimes people speak lightly of the country newspaper, but it is one of the most potent and uplifting factors in our national existence.—Christian Science Monitor.

Washington "B's" Doped To Win In the Light Weight Division

For the second time, the Washington Union High School track will be the scene of flying spikes and ruffled sawdust Saturday, when the Southern Alameda County Athletic League track meet takes place on the local oval.

With their previous record this year a trifle dusty, the Hosker Class A tracksters may find some difficulty in stealing many firsts. Not so the B's, who, according to local dopesters, may come through with a win in the light division. The Livermore squad, barring unforeseen performances from the Emeryville and Foothills squads, should take first honors for the unlimiteds.

Red Myrick, sorrel topped high-jumper for the Centerville squad, is favored to take his event Saturday. He cleared 5 feet 10 inches last week. Bill Garcia and Harry Sekigahama, mainstays for the B squad are slated to romp off with their events. Garcia will enter the broadjump, pole vault, and the dashes, Sekigahama and Keough will hold the hurdles down. Ramos and Bercham are doped to make the mile a fast contest.

ANNOUNCE UNUSUAL ADVANCEMENT IN TIRE MANUFACTURE

Impovements in design and construction of a brand new automobile tire built to meet the demands of faster automobile operation, are announced by Goodyear.

The new tire, known as the G-3, offers four new features which mark it as unusual, according to Louis DiGuilio, local Goodyear dealer.

The new tire has sixteen per cent more tread blocks, 43 per cent longer non-skid tread wear, 50 per cent slower "heel and toe" wear, and wider, flatter tread for greater road contact. The new design has been proved superior in a series of strenuous tests, Di Guilio said.

The biggest surprise of the league play was sprung at Pleasanton Tuesday afternoon, with the Centerville High Husker nine as the surprised outfit. Pleasanton, alleged to have been the weaker sister of the league, arose and trimmed the championship Huskers by a tally of 8 to 3.

Washington sadly felt the absence of its star infield, recently ruled ineligible by C. I. F. action. Dutra, Amador hurler, held the Centerville boys to eight hits. It looked as though the local school would come through in the sixth when a rally netted two runs, but Pleasanton tightened down.

Huskers who saw action were Manuel, Amaral, Robello, Wilson, Maderios, Neimeth, Mederios, Mune and Silva.

Undaunted, the Huskers still plan to get that pennant.

AMERICA IN 1964?

The New Deal And The Future Farmer

Dean Hutchison of California Discusses the Problems of the Farmer 30 years From Now

The last government census of the United States valued the land in farms in California at more than two billion seven hundred million dollars—a gain of 383% in value over the preceding thirty year period. Agriculture is the basis of California's present day wealth, it supports the cities and definitely ties together California's metropolitan and rural life.

Dean Hutchison

What has the future in store for California's agriculture? Will it continue as the state's major industry? Will distribution problems be solved? Will transportation be developed to the extent that today's Western harvest will be tomorrow's Eastern market? These questions and many others of vital interest to all Californians were discussed by Dean Claude B. Hutchison of the College of Agriculture, University of California, in connection with Bank of America's $10,000 Scholarship Contest, open to boys and girls, under 18 years of age, who write the best essays on "America In 1964."

Dean Hutchison's discussion was broadcast over the Columbia Don Lee Network at 8 P. M., Wednesday, May 2, 1934.

In 1934, the Dean points out, we are producing more food than people can buy. The government is taking 40,000,000 acres of land out of production this year through the subsidy. In a few instances, this is meeting the season's problems.

He further points out that this productive land can not be left idle for an indefinite period. But the government has a plan for adjusting this situation in its long time program.

Greater Business Opportunities Ahead

Dr. Kreps of Stanford Says Young Men Will Have More Chances to Advance

"What effect will the NRA, a managed currency, the new securities act have upon business thirty years hence?"

Dr. Kreps

Dr. Theodore J. Kreps of the Graduate School of Business, Stanford University, will give his views upon this vital, absorbing question on Wednesday evening, May 9, in connection with Bank of America's $10,000 essay contest. Dr. Kreps will be heard in the bank's radio program, Leaders of Tomorrow, over the Columbia Don Lee System.

Dr. Kreps believes that the businessman of 1964 will have an enlarged viewpoint, able to judge conditions from a national outlook rather than from a purely local aspect.

By 1964, contrary to the beliefs of many, Dr. Kreps contends there will be greater opportunity for the young man starting from scratch than exists today. The custom of passing business enterprises from father to son, by that time, will have been relegated to the dark ages. Entrance into business will then be on the same basis as entrance into medicine or any of the other professions through training in recognized schools. The boy or girl, through this means, will be able to learn whether or not he prefers a particular business and we will have fewer "misfits" than we have today.

By 1964, we are bound to have a national banking system, that will replace all state systems. Branch banking will be nation wide. Dr. Kreps believes that banking will be the first of our business institutions to become professional through special schools which will train the young men before they are allowed to enter this highly specialized field.

Urchins Admit Mischief at Alvarado Schoolhouse

Depredations and destruction of equipment that had been baffling school authorities at the Alvarado grammar school since last Thursday were cleared up Monday, when Constable O. W. Ebright, after an investigation, singled out two small boys, who confessed that they had broken into the building and turned things topsy-turvy.

Desk drawers had been pulled out and dumped, inkwells overturned, and knives had been brought to bear on a number of articles in the school rooms. The two children, both first graders, were turned over to Miss Jensen, of the juvenile department.

Alvarado Ball Player Wrenches Knee Sunday

Winning the game Sunday from the Ashland team was a costly victory for the Alvarado Leslie Salt aggregation. Frank Vargas, star right fielder, tore the ligaments of his knee sliding into third. He will be lost to the team for more than a month.

Perry, left-fielder, added to the tally with a circuit clout. His fielding was exceptionally good as well.

Frank Roderick was one of the successful anglers who returned home May 1 with the limit of fine trout. He did his fishing near Brookdale.

Alvarado Holy Ghost Attracts Eager Throng

The first of a series of Pentecostal fetes, annually held in Washington township, was attended by large crowds last week end at Alvarado. Beginning with a fireworks display Saturday night, the fete continued until Sunday night.

Two parades, one small one Saturday evening and the main one at 10:30 a. m. Sunday, were two of the main attractions. A high dive, made by a visiting circus performer, was one of the high spots.

A dance at the I. D. E. S. hall Saturday night was very well attended.

Alvarado Man Drops Dead at Work Friday

Carlas Rodrigues, aged 45, who was stricken with a heart attack while at work near Alvarado Friday, passed away before assistance could be summoned. An investigation failed to locate any relatives or family. Funeral was held from the Chapel of Palms Saturday. Interment was in the Holy Ghost cemetery.

Mrs. A. Santos, newly-elected president of the Alvarado Parent-Teachers' association, is attending the conference at Sacramento this week.

Crawford Letham Is Made New Fire Chief

Crawford Letham, well known Pleasanton business man, was elected chief of the Pleasanton fire department at a meeting held at the Pleasanton fire house Tuesday evening of last week.

Letham was opposed by A. B. Pickard, who has just completed a two-year term as fire chief.

Only active members of the fire department were eligible to vote. Only nine of the twelve active members were present. Letham received five votes and Pickard four.

Letham has just completed a two year term as assistant fire chief. John J. Amaral was elected assistant fire chief. John J. Amaral who is very active in the department was foreman for last two years.

Officers for the department were also elected Tuesday evening. Andy Jorgensen was re-elected as president; Jimmie Trimingham, vice president; and Thomas Silver, secretary-treasurer.

The department was also divided into three departments, the active members, reserve and retired. Because of the high rate of insurance the department is limited to only twelve active members. Another group is on the reserve list and the other selection consists of the older retired members.

The fire chief and assistant who were elected by the department will be submitted to the town council at a meeting to be held the first Monday in May for appointment.

Miss Melva Madsen, a senior at the Amador Valley high school, was presented with a gold medal at the Public Schools Week program held at the high school last Wednesday evening by the Pleasanton American Legion Post for having written the best essay in an essay contest conducted recently.

SUNOL MAN IS MARRIED IN RUSSIAN STYLE

Marking the first wedding held at Fort Ross, San Francisco, in one hundred years, Captain and Mrs. Igor Varipaeff-Vernon were united in marriage in a typical Russian wedding one day last week.

They chose Fort Ross for the place of the wedding because it was one of the first of the Russian's trading posts established on this coast.

A Russian priest, Alexander Vesheslavov, of a Russian church in San Francisco, performed the ceremony. Both the families of the couple were of Russian order.

Captain Vernon has many friends who are congratulating them upon their recent marriage.

He has been employed by Ashton Britten, of Sunol, for the past two years.

The J and F's lost to Ogaard Motors by a score of 3 to 2 in a ten-inning game Sunday.

Ground rules lost the game for Newark. The J and F's held Ogaards 2 to 0 in five innings when a ball was hit past the first baseman, through the automobiles, making it impossible for the right fielder to get it and the man came in for a homer on a single.

Manager Pashote was satisfied. Both teams played good ball.

Dondero hit two for 4; Lazarine 2 for 4, and Kid Robinson and Ferrera both hit doubles. Ferrera allowed 7 hits. Dengermark, Ogaard allowed eight hits.

Newark will meet Decoto at Decoto Sunday.

NEWARK YOUTH DIES AFTER LINGERING ILLNESS

Stricken with a serious illness last summer, soon after his graduation from the Newark Grammar school, Jack Ornellas, well known Newark boy, passed away at the home of his parents, Mr. and Mrs. Antone Ornellas Wednesday afternoon of last week.

Appendicitis, occurring while young Ornellas was in poor health, gave rise to serious complications. The boy was brought to his home at Newark a short while ago after a long stay in an Oakland hospital.

The youth, 18 years of age, was a native of Mexico. He came here with his parents several years ago. He was an excellent athlete, and was one of the star performers on a number of local ball clubs.

Funeral services under the direction of the Chapel of Palms, Centerville, were held early Friday morning. The Rev. Father Bray officiated. Interment was in Holy Ghost cemetery.

George Foss and Rodney Porter, both of Oakland, visited with friends in Newark Sunday.

San Leandro Nine Defeats Amador Dons Tuesday

In a practice game played at San Leandro Tuesday afternoon last week at Pleasanton the Amador Dons were defeated by the San Leandro high second team by a score of thirteen to one.

The purpose of the game was to try out several members of the team at the mound so as to have one on reserve to relieve Dutra. Compagna started out pitching and in five innings allowed seven hits, and eight runs to score, however, he managed to strike out seven.

Mello also was used to try out and he allowed three hits, four runs in two innings. He struck out three. Both of these are in their first year varsity so they will have considerable chance to improve.

Dutra finished the game allowing no hits, struck out two and one run was scored by a comedy of errors.

The lineup was as follows:

	AB	R	H	E
Dutra, p	5	0	1	1

SEVENTH INNING RALLY WINS FOR NILES SUNDAY

Riding high and wide on the collective bat of the Duarte brothers the Niles C of C's came through in the seventh inning Sunday to beat the Hayward Eagles in a league contest played on the Niles diamond. The final tally was nine to five.

Tony Duarte, center fielder and his brother Ray, pitcher, banged out six of the eight hits between them. Tony maintained the phenomenal percentage of 1000 in four times at bat. Bill Dargitz, right fielder started the great merry go round in the seventh with a homer. The rally netted five runs. Three walks assisted the local boys along.

Sunday's win placed the local nine at the top of the league heap.

Amador Dons Are Downed By Emeryville

Meeting with another defeat in the Southern Alameda County Athletic league, the Amador Dons were downed by the Emeryville nine by a score of nine to nothing in a game played recently at Emeryville.

Dutra was suffering with the flu and was not used to start the game. Paulo was sent in to start and allowed three hits and two walks in the first inning. Two errors in that period allowed four runs to score.

In the second inning Hansen was sent in at the mound. He walked two, allowed one hit in two innings and two runs were scored in that inning.

Dutra was sent in and pitched the remainder of the game. He allowed four hits and three scattered runs mainly due to infield errors.

Had Dutra started the game perhaps the team would have played head-up baseball but the six run lead was signed for a general let down.

The Emeryville pitcher had the Don batters at his mercy. Bernard was the only one to collect a hit, although Cintrone and Dutra each got a walk. Every member of the team played in the game. Fifteen Don players saw action. Weakness in the Don hitting and not enough experienced players is the biggest draw back of the Amador team this year.

Friday the Dons will play the California school for the Deaf and Dumb at Berkeley, and Tuesday they will cross bats with the Centerville Cornhuskers here. Both games are league contests.

Golden Ply Invention Prevents Great Cause of Blow-outs

Here's real news! You can get the blow-out protection of this "3-times-safer" tire FREE. We refuse to charge one penny extra for this remarkable Life-Saver Golden Ply invention.

Today's high speeds generate terrific heat inside your tires. This causes rubber and fabric to separate. A blister starts... and grows... bigger and bigger... until BANG! A blow-out! And you're headed for trouble... or worse!

GET MONTHS OF EXTRA MILES BANISH FEAR OF BLOW-OUTS

To protect you from blow-outs, every new Goodrich Safety Silvertown has the amazing Life-Saver Golden Ply. This great invention resists heat—prevents the separation of rubber and fabric. Thus, blisters don't form. The great, unseen cause of blow-outs is eliminated *before* it begins.

Think of the extra mileage this amazing tire will give you! Not only more miles, but SAFER miles, too. Come in and let us put a set of Goodrich Golden Ply Silvertowns on *your* car. They cost no more than other standard tires.
